

Here is Good Sam's Grading Criteria:

RV parks receive scores from 1 (worse) to 10 (best) in three categories. Campgrounds with a 10/10/10 rating have more facilities, are better maintained, and are more visually appealing than 5/5/5 – rated campgrounds. Less than 1% of parks or campgrounds receive a rating of 10. Here is the breakdown of each category that makes up the rating:

Category 1: Completeness of facilities

- ✓ interior roads
- ✓ sites
- ✓ registration area
- ✓ hookups
- ✓ recreation
- ✓ swimming
- ✓ security
- ✓ laundry
- ✓ services
- ✓ internet access

Category 2: Cleanliness and physical characteristics of restrooms and showers

Cleanliness tops the list of almost any RVer when deciding on a campground. So this category includes two subcategories: **cleanliness** and **physical characteristics**.

- ✓ Cleanliness of toilets, walls, showers, sinks/counters/mirrors and floor

(Full points in each of the above earns a ★rating)

- ✓ Physical characteristics of restrooms
 - ✓ interior construction
 - ✓ adequate supplies/odor free
 - ✓ adequate number of facilities
 - ✓ exterior appearance and location to park spaces
 - ✓ interior appearance

Category 3: Visual Appeal and Environmental Quality

Parks score points in four subcategories that measure how well they blend with their natural surroundings:

- ✓ easy identification, and first impression of the park entrance
- ✓ landscaping and appearance of the park grounds and sites
- ✓ park grounds and sites free of litter and debris
- ✓ size and types of sites available and maintenance of the park
- ✓ aesthetics of park and surrounding area
